Educational Excellence

ACCOMPLISH READING GROWTH THIS SUMMER!

SUMMER Literacy Program

Delivered by the most child-friendly, science-based reading center.

The American Academy of Pediatrics states that students who struggle to learn foundational reading skills or are below grade-level in middle school and high school, need a systematic phonics program, delivered in a one-on-one setting, at the student's pace to attain grade-level reading.

Aspire Academy's Summer Literacy Program uses the Wilson Reading System which teaches the foundations of reading in a systematic, cumulative manner at your child's pace until they master literacy. It is the leading systematic phonics program in the U.S.

Our sessions are built around the five building blocks of reading and include: one-hour of systematic phonics instruction, reading comprehension, fluency, spelling and 30 minutes of listening comprehension and writing instruction.

- **WE USE THE MOST RESEARCHED PROGRAM FOR STRUGGLING READERS**
- **CHOOSE IN-PERSON OR ONLINE INSTRUCTION**

YOUR CHILD CAN SUCCEED!

ASPIRE ACADEMY'S SUMMER LITERACY PROGRAM DELIVERS:

One-on-One tutoring (in-person or online).

One semester's worth of reading instruction in 8 weeks, at 90 min. per session, three times per week.

Wilson Reading System Standards: Systematic phonics, reading fluency and comprehension instruction are delivered with fidelity.

Personalized to your student's specific needs.

Ages: Entering first grade through 12th grade.
